This is in response to amendments filed on 6/28/05 in which claims 1-5 are canceled and claims 6-22 are pending. The applicant's amendments have been fully considered therefore this case is in condition for allowance. In addition the pending claims have been renumbered as 1-17 respectively.

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: The prior art of record fails to anticipate or render obvious the following recited features: a frequency domain to time domain converter for converting the equalized signals Z_k and Z_{k+1} and a slicer responsive to said time domain as recited in claims 6 and 20.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion
